

ACCESSBUILDER 7000 HD SUPPLEMENTARY INFORMATION

Introduction

This supplementary information has been written for the introduction of the Access Builder 7000 HD.

The AccessBuilder PRI HD module will support up to 30 simultaneous uncompressed bridged or routed connections on a single Ethernet LAN interface.

IPX and PPP support is not currently available.

The AccessBuilder PRI HD module is available as part number 3C400086 or 3C400088.
